

Who's behind the door?

(B.Fontana)

Today seems like a mystery
And you know what it means to me

It's like I've been born again

Who... tell me who's behind the door?

Today seems like a mystery
It all seems so new to me

It's like I've never even lived

Who ... tell me who's behind the door?

Today seems like a mystery
And you know what it means to me

It's like a life without end

Who ... Tell me who's behind the door?
