**LITTLE HEARTBREAKER**

(B.Fontana)

I turn around and look in the distance  
Maybe 2 steps from here will find what I need  
I have been too long with you crazy show  
But still I need that hunger from you ...  
Just need your touch ... don't want your love ...  
Don't want anymore of your lies  
You're that woman with passion & fire  
Burning me up with your flames

But you ... but you ... are just a Little Heartbreaker ... heartbreak on my mind  
'cause you're such a Little Heartbreaker ... a heartache on my mind ...

All I want is to break away  
All I want is out of your love  
All I want is to get away  
All I want is to forget your touch  
You're that woman with love and desire  
Burned me up higher an higher  
All I want is to forget your lies  
Which have broken that heart of mine

But you ... but you ... are just a Little Heartbreaker ... heartbreak on my mind  
'cause you're such a Little Heartbreaker ... a heartache on my mind ...
