WALK THE FIRE

(B.Fontana)

Hey you!
Racing down the streets one day ...
Do you remember how we used to run?

Hey you!
Running on and on to stand with me ...
Wanna show you a world inside of me ...

Hey you!
Racing down the streets one day ...
Do you remember how we used to run?

Hey you!
Why do you still keep on fading away?
Are you not ready for the big day?

& why don't you tell me on the borderline, oh have I been ... oh dreaming ...
I wish I will take you there

And Walk The Fire .. with me
Just Walk The Fire ... with me
Gotta Walk The Fire ... with me
Will you Walk The Fire ... with me?

Hey you!
Don't be scared about what you will see
Gonna share with you that world inside of me

Hey you!
Are you now ready for the big day?
Do you remember how we used to play?

& why don't you tell me on the borderline, oh have I been ... oh dreaming ...
I wish I will take you there

And Walk The Fire .. with me
Just Walk The Fire ... with me
Gotta Walk The Fire ... with me
Will you Walk The Fire ... with me?
